CAREER OBJECTIVES

As a developer with a proven track record of effective collaboration with other developers, the aim is to build a career that includes taking on a management role and handling tasks that enhance professional skills. Passionate about personal growth and software development, committed to leveraging abilities and expertise to contribute to a talented team. The goal is to apply knowledge and skills to develop high-quality solutions and drive innovation within the industry.

SKILLS POSSESSED

- Skilled in programming languages such as JavaScript, HTML, CSS, PHP, and IoT platforms like Thingsboard.
- Familiar with Node.js, Python, and Java.
- Proficient in Git for version control and collaboration.
- Experienced with MySQL and MongoDB databases.
- A collaborative team player with experience in agile environments.
- Proficient in Microsoft Office tools. *(Word, PowerPoint, Publisher, Excel)*
- Specializes in designing user-friendly websites.
- A fast learner, willing to adapt efficient coding practices from new technologies and methodologies.
- Capable of developing and maintaining technical documentation, guidelines, and procedures.

WORK EXPERIENCE

- **Software Developer**   📅 **2022- present**
  First Philec Inc.   📍 2nd St. Ext., First Philippine Industrial Park Brgy. Ulango, Tanuan City, Batangas

  - Implementing user-friendly and efficient designs accurately to ensure the interface works well on different devices and platforms.
  - Continuously refining designs and functions based on user feedback and analytics to improve the overall user experience.
  - Designing technical plans and structures for software solutions that meet functional and practical requirements.
  - Writing clean, efficient, and sustainable code using suitable programming languages and frameworks.

- **Freelance Developer**   📅 **2020- Present**
  - Designed and implemented user-friendly websites for various clients.
  - Acquired knowledge of front-end object-oriented programming to create client-server systems.
  - Played a crucial role in creating engaging digital experiences that meet user needs and business goals.

- **Data Research Trainee**   📅 **June 2022 – August 2022**
  Multi Source Global Network Inc.   📍 San Vicente Central, Calapan City

  - Performs operational tasks such as workflow system job setup, team interaction management, and documentation checks.
  - Participates in and develops data-integrity and workflow-related projects and processes.
  - Works in a fast-paced, high-pressure, fluid environment while performing multiple tasks and ensuring high-quality, error-free output.

- **Encoder**   📅 **March-October 2019**
  LCA Titling Processing Services   📍 Bonifacio St., Ilaya, Calapan City

  - Accurately and efficiently organize and record all necessary data.
  - Verify that the input data matches the original documentation.
  - Input, monitor, and maintain all encoded data and records.

SEMINARS / TRAININGS PARTICIPATED

- Programming (JAVA) NCIII– *(TESDA)*

- Technical Education and Skills Development Authority Training for Work Scholarship Program *(WEB DEVELOPMENT LEVEL II)*

- Thirty Hours (30) Tutorial of Visual Graphic Design

- Cloud Computing with Aws

- eDisenyo: A Free Online Basic Graphic Design Webinar

- Basic Computer Literacy Program

- Transparency and Integrity on the Digital World Through the Responsible Use of Information Technology

- To be Programmed or to be Programmer

- NAST SYMPOSIUM for Youth and National Scientist

EDUCATIONAL BACKGROUND

Mindoro State University
Masipit, Calapan City, Oriental Mindoro
Bachelor of Science and Information Technology
2018-2022

St. Anthony College Calapan City Inc.
Bayanan II, Calapan City, Oriental Mindoro
Computer Programming NCIII
2016-2018

Managpi National High School
Managpi, Calapan City, Oriental Mindoro
2012-2016

Managpi Elementary School
Managpi, Calapan City, Oriental Mindoro
2007-2012
